

101ST CONGRESS
1ST SESSION

H. R. 971

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 9, 1989

Mr. COOPER (for himself, Mr. SWIFT, and Mr. LELAND) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the "Telephone Operator
5 Service Consumer Protection Act of 1989".

6 **SEC. 2. FINDINGS.**

7 The Congress hereby finds that—

8 (1) the divestiture of AT&T and decisions allow-
9 ing open entry for competitors in the telephone market-

1 place produced a variety of new services and many
2 new providers of existing telephone services;

3 (2) the growth of competition in the telecommuni-
4 cations market makes it essential to ensure that safe-
5 guards are in place to assure fairness for consumers
6 and service providers alike;

7 (3) a variety of providers of operator services now
8 compete to win contracts to provide operator services
9 to hotels, hospitals, airports, and other aggregators of
10 telephone business from consumers;

11 (4) the mere existence of a variety of service pro-
12 viders in the operator services marketplace is signifi-
13 cant in making that market competitive only when con-
14 sumers are able to make informed choices from among
15 those service providers;

16 (5) however, often customers have no choices in
17 selecting a provider of operator services, and often cus-
18 tomers' attempts to reach their preferred long distance
19 carrier by a telephone billing card, credit card, or pre-
20 arranged access number are blocked;

21 (6) a number of State regulatory authorities have
22 taken action to protect consumers using intrastate op-
23 erator services;

1 (7) from January 1988 through February 1989,
2 the Federal Communications Commission received over
3 2,000 consumer complaints about operator services;

4 (8) these consumers have complained that they
5 are denied access to the interexchange carrier of their
6 choice, that they are deceived about the identity of the
7 company servicing their calls and the rates being
8 charged, that they lack information on what they can
9 do to complain about unfair treatment by an operator
10 service provider, and that they are, accordingly, being
11 deprived of the free choice essential to the operation of
12 a competitive market; and

13 (9) a combination of industry self-regulation and
14 government regulation is required to ensure that com-
15 petitive operator services are provided in a fair and
16 reasonable manner.

17 SEC. 3. DEFINITIONS.

18 As used in this Act:

19 (1) The term "Commission" means the Federal
20 Communications Commission.

21 (2) The term "the Act" means the Communica-
22 tions Act of 1934.

23 (3) The term "consumer" means a person initiat-
24 ing any interstate telephone call using operator serv-
25 ices.

1 (4) The term “operator services” means any
2 interstate telecommunications service that includes, as
3 a component, any automatic or live assistance to a
4 consumer to arrange for billing or completion, or both,
5 of an interstate telephone call through a method other
6 than automatic completion with billing to the telephone
7 from which the call originated.

8 (5) The term “aggregator” means any person,
9 that, in the ordinary course of its operations, makes
10 telephones available to the public or to transient users
11 of its premises for interstate telephone calls using a
12 provider of operator services.

13 **SEC. 4. RULEMAKING REQUIRED.**

14 (a) **INITIATION OF PROCEEDINGS.**—The Commission
15 shall, within 30 days after the date of the enactment of this
16 Act, initiate a proceeding pursuant to title II of the Act to
17 establish regulations to protect consumers who use operator
18 services to place interstate telephone calls from unfair and
19 deceptive practices and to ensure that consumers have the
20 opportunity to make informed choices in making such calls.

21 (b) **TIMING AND CONTENTS OF REGULATION.**—The
22 regulation required by subsection (a) shall—

23 (1) be prescribed not later than 180 days after the
24 date of enactment of this Act;

1 (2) contain provisions to implement each of the
2 requirements of section 5;

3 (3) for purposes of administration and enforce-
4 ment, be treated as regulations prescribed by the Com-
5 mission pursuant to title II of the Act; and

6 (4) take effect not later than 270 days after the
7 date of enactment of this Act.

8 **SEC. 5. MINIMUM REQUIREMENTS.**

9 The regulations required by section 4 shall, at a
10 minimum—

11 (1) require that the provider of the operator serv-
12 ices identify itself, audibly and distinctly, to the con-
13 sumer prior to the consumer incurring any charges and
14 permit the consumer to terminate the telephone call at
15 no charge;

16 (2) require that the provider of operator services
17 ensure, by contract, that each aggregator post on or
18 near the telephone instrument, in plain view of
19 consumers—

20 (A) the name, address, and toll-free tele-
21 phone number of the provider, and

22 (B) a written disclosure that consumers have
23 a right to obtain access to the interstate common
24 carrier of their choice and may contact their pre-
25 ferred interstate common carriers for information

1 on accessing that carrier's service using that tele-
2 phone;

3 (3) require that the provider of operator services
4 disclose immediately to the consumer, upon request—

5 (A) a quote of its rates or charges for the
6 call;

7 (B) the methods by which such rates or
8 charges will be collected; and

9 (C) the methods by which complaints con-
10 cerning such rates, charges, or collection practices
11 will be resolved;

12 (4) require that the provider of operator serv-
13 ices—

14 (A) neither require nor participate in the
15 blocking of any consumer's access to the inter-
16 state common carrier of the consumer's choice;
17 and

18 (B) assure, by contract, that its aggregators
19 neither require nor participate in the blocking of
20 access to such interstate common carriers;

21 (5) require that the provider of operator services
22 charge rates which are just and reasonable as required
23 by title II of the Act, which requirement shall include,
24 at a minimum—

1 (A) prohibiting the provider of operator serv-
2 ices from knowingly charging for uncompleted
3 telephone calls;

4 (B) ensuring that, in charging for distance,
5 the provider of operator services charge for no
6 more than the distance, in a straight line, between
7 the points of origination and termination of tele-
8 phone calls; and

9 (C) ensuring that any consumer billing a
10 telephone call on a billing card provided by an
11 interstate common carrier is billed at the rate of
12 that common carrier for that call;

13 (6) establish minimum standards for providers of
14 operator services to use in the routing and handling of
15 emergency telephone calls; and

16 (7) establish a policy for requiring common carri-
17 ers to make public information about recent changes in
18 operator services and choices available to consumers in
19 that market.

101ST CONGRESS
1ST SESSION

H. R. 971

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 9, 1989

Mr. COOPER (for himself, Mr. SWIFT, and Mr. LELAND) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the "Telephone Operator
5 Service Consumer Protection Act of 1989".

6 SEC. 2. FINDINGS.

7 The Congress hereby finds that—

8 (1) the divestiture of AT&T and decisions allow-
9 ing open entry for competitors in the telephone market-

1 place produced a variety of new services and many
2 new providers of existing telephone services;

3 (2) the growth of competition in the telecommuni-
4 cations market makes it essential to ensure that safe-
5 guards are in place to assure fairness for consumers
6 and service providers alike;

7 (3) a variety of providers of operator services now
8 compete to win contracts to provide operator services
9 to hotels, hospitals, airports, and other aggregators of
10 telephone business from consumers;

11 (4) the mere existence of a variety of service pro-
12 viders in the operator services marketplace is signifi-
13 cant in making that market competitive only when con-
14 sumers are able to make informed choices from among
15 those service providers;

16 (5) however, often customers have no choices in
17 selecting a provider of operator services, and often cus-
18 tomers' attempts to reach their preferred long distance
19 carrier by a telephone billing card, credit card, or pre-
20 arranged access number are blocked;

21 (6) a number of State regulatory authorities have
22 taken action to protect consumers using intrastate op-
23 erator services;

1 (7) from January 1988 through February 1989,
2 the Federal Communications Commission received over
3 2,000 consumer complaints about operator services;

4 (8) these consumers have complained that they
5 are denied access to the interexchange carrier of their
6 choice, that they are deceived about the identity of the
7 company servicing their calls and the rates being
8 charged, that they lack information on what they can
9 do to complain about unfair treatment by an operator
10 service provider, and that they are, accordingly, being
11 deprived of the free choice essential to the operation of
12 a competitive market; and

13 (9) a combination of industry self-regulation and
14 government regulation is required to ensure that com-
15 petitive operator services are provided in a fair and
16 reasonable manner.

17 SEC. 3. DEFINITIONS.

18 As used in this Act:

19 (1) The term "Commission" means the Federal
20 Communications Commission.

21 (2) The term "the Act" means the Communica-
22 tions Act of 1934.

23 (3) The term "consumer" means a person initiat-
24 ing any interstate telephone call using operator serv-
25 ices.

1 (4) The term “operator services” means any
2 interstate telecommunications service that includes, as
3 a component, any automatic or live assistance to a
4 consumer to arrange for billing or completion, or both,
5 of an interstate telephone call through a method other
6 than automatic completion with billing to the telephone
7 from which the call originated.

8 (5) The term “aggregator” means any person,
9 that, in the ordinary course of its operations, makes
10 telephones available to the public or to transient users
11 of its premises for interstate telephone calls using a
12 provider of operator services.

13 **SEC. 4. RULEMAKING REQUIRED.**

14 (a) **INITIATION OF PROCEEDINGS.**—The Commission
15 shall, within 30 days after the date of the enactment of this
16 Act, initiate a proceeding pursuant to title II of the Act to
17 establish regulations to protect consumers who use operator
18 services to place interstate telephone calls from unfair and
19 deceptive practices and to ensure that consumers have the
20 opportunity to make informed choices in making such calls.

21 (b) **TIMING AND CONTENTS OF REGULATION.**—The
22 regulation required by subsection (a) shall—

23 (1) be prescribed not later than 180 days after the
24 date of enactment of this Act;

1 (2) contain provisions to implement each of the
2 requirements of section 5;

3 (3) for purposes of administration and enforce-
4 ment, be treated as regulations prescribed by the Com-
5 mission pursuant to title II of the Act; and

6 (4) take effect not later than 270 days after the
7 date of enactment of this Act.

8 **SEC. 5. MINIMUM REQUIREMENTS.**

9 The regulations required by section 4 shall, at a
10 minimum—

11 (1) require that the provider of the operator serv-
12 ices identify itself, audibly and distinctly, to the con-
13 sumer prior to the consumer incurring any charges and
14 permit the consumer to terminate the telephone call at
15 no charge;

16 (2) require that the provider of operator services
17 ensure, by contract, that each aggregator post on or
18 near the telephone instrument, in plain view of
19 consumers—

20 (A) the name, address, and toll-free tele-
21 phone number of the provider, and

22 (B) a written disclosure that consumers have
23 a right to obtain access to the interstate common
24 carrier of their choice and may contact their pre-
25 ferred interstate common carriers for information

1 on accessing that carrier's service using that tele-
2 phone;

3 (3) require that the provider of operator services
4 disclose immediately to the consumer, upon request—

5 (A) a quote of its rates or charges for the
6 call;

7 (B) the methods by which such rates or
8 charges will be collected; and

9 (C) the methods by which complaints con-
10 cerning such rates, charges, or collection practices
11 will be resolved;

12 (4) require that the provider of operator serv-
13 ices—

14 (A) neither require nor participate in the
15 blocking of any consumer's access to the inter-
16 state common carrier of the consumer's choice;
17 and

18 (B) assure, by contract, that its aggregators
19 neither require nor participate in the blocking of
20 access to such interstate common carriers;

21 (5) require that the provider of operator services
22 charge rates which are just and reasonable as required
23 by title II of the Act, which requirement shall include,
24 at a minimum—

1 (A) prohibiting the provider of operator serv-
2 ices from knowingly charging for uncompleted
3 telephone calls;

4 (B) ensuring that, in charging for distance,
5 the provider of operator services charge for no
6 more than the distance, in a straight line, between
7 the points of origination and termination of tele-
8 phone calls; and

9 (C) ensuring that any consumer billing a
10 telephone call on a billing card provided by an
11 interstate common carrier is billed at the rate of
12 that common carrier for that call;

13 (6) establish minimum standards for providers of
14 operator services to use in the routing and handling of
15 emergency telephone calls; and

16 (7) establish a policy for requiring common carri-
17 ers to make public information about recent changes in
18 operator services and choices available to consumers in
19 that market.

101ST CONGRESS
1ST SESSION

H. R. 971

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 9, 1989

Mr. COOPER (for himself, Mr. SWIFT, and Mr. LELAND) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the "Telephone Operator
5 Service Consumer Protection Act of 1989".

6 **SEC. 2. FINDINGS.**

7 The Congress hereby finds that—

8 (1) the divestiture of AT&T and decisions allow-
9 ing open entry for competitors in the telephone market-

1 place produced a variety of new services and many
2 new providers of existing telephone services;

3 (2) the growth of competition in the telecommuni-
4 cations market makes it essential to ensure that safe-
5 guards are in place to assure fairness for consumers
6 and service providers alike;

7 (3) a variety of providers of operator services now
8 compete to win contracts to provide operator services
9 to hotels, hospitals, airports, and other aggregators of
10 telephone business from consumers;

11 (4) the mere existence of a variety of service pro-
12 viders in the operator services marketplace is signifi-
13 cant in making that market competitive only when con-
14 sumers are able to make informed choices from among
15 those service providers;

16 (5) however, often customers have no choices in
17 selecting a provider of operator services, and often cus-
18 tomers' attempts to reach their preferred long distance
19 carrier by a telephone billing card, credit card, or pre-
20 arranged access number are blocked;

21 (6) a number of State regulatory authorities have
22 taken action to protect consumers using intrastate op-
23 erator services;

1 (7) from January 1988 through February 1989,
2 the Federal Communications Commission received over
3 2,000 consumer complaints about operator services;

4 (8) these consumers have complained that they
5 are denied access to the interexchange carrier of their
6 choice, that they are deceived about the identity of the
7 company servicing their calls and the rates being
8 charged, that they lack information on what they can
9 do to complain about unfair treatment by an operator
10 service provider, and that they are, accordingly, being
11 deprived of the free choice essential to the operation of
12 a competitive market; and

13 (9) a combination of industry self-regulation and
14 government regulation is required to ensure that com-
15 petitive operator services are provided in a fair and
16 reasonable manner.

17 SEC. 3. DEFINITIONS.

18 As used in this Act:

19 (1) The term "Commission" means the Federal
20 Communications Commission.

21 (2) The term "the Act" means the Communica-
22 tions Act of 1934.

23 (3) The term "consumer" means a person initiat-
24 ing any interstate telephone call using operator serv-
25 ices.

1 (4) The term “operator services” means any
2 interstate telecommunications service that includes, as
3 a component, any automatic or live assistance to a
4 consumer to arrange for billing or completion, or both,
5 of an interstate telephone call through a method other
6 than automatic completion with billing to the telephone
7 from which the call originated.

8 (5) The term “aggregator” means any person,
9 that, in the ordinary course of its operations, makes
10 telephones available to the public or to transient users
11 of its premises for interstate telephone calls using a
12 provider of operator services.

13 **SEC. 4. RULEMAKING REQUIRED.**

14 (a) **INITIATION OF PROCEEDINGS.**—The Commission
15 shall, within 30 days after the date of the enactment of this
16 Act, initiate a proceeding pursuant to title II of the Act to
17 establish regulations to protect consumers who use operator
18 services to place interstate telephone calls from unfair and
19 deceptive practices and to ensure that consumers have the
20 opportunity to make informed choices in making such calls.

21 (b) **TIMING AND CONTENTS OF REGULATION.**—The
22 regulation required by subsection (a) shall—

23 (1) be prescribed not later than 180 days after the
24 date of enactment of this Act;

1 (2) contain provisions to implement each of the
2 requirements of section 5;

3 (3) for purposes of administration and enforce-
4 ment, be treated as regulations prescribed by the Com-
5 mission pursuant to title II of the Act; and

6 (4) take effect not later than 270 days after the
7 date of enactment of this Act.

8 **SEC. 5. MINIMUM REQUIREMENTS.**

9 The regulations required by section 4 shall, at a
10 minimum—

11 (1) require that the provider of the operator serv-
12 ices identify itself, audibly and distinctly, to the con-
13 sumer prior to the consumer incurring any charges and
14 permit the consumer to terminate the telephone call at
15 no charge;

16 (2) require that the provider of operator services
17 ensure, by contract, that each aggregator post on or
18 near the telephone instrument, in plain view of
19 consumers—

20 (A) the name, address, and toll-free tele-
21 phone number of the provider, and

22 (B) a written disclosure that consumers have
23 a right to obtain access to the interstate common
24 carrier of their choice and may contact their pre-
25 ferred interstate common carriers for information

1 on accessing that carrier's service using that tele-
2 phone;

3 (3) require that the provider of operator services
4 disclose immediately to the consumer, upon request—

5 (A) a quote of its rates or charges for the
6 call;

7 (B) the methods by which such rates or
8 charges will be collected; and

9 (C) the methods by which complaints con-
10 cerning such rates, charges, or collection practices
11 will be resolved;

12 (4) require that the provider of operator serv-
13 ices—

14 (A) neither require nor participate in the
15 blocking of any consumer's access to the inter-
16 state common carrier of the consumer's choice;
17 and

18 (B) assure, by contract, that its aggregators
19 neither require nor participate in the blocking of
20 access to such interstate common carriers;

21 (5) require that the provider of operator services
22 charge rates which are just and reasonable as required
23 by title II of the Act, which requirement shall include,
24 at a minimum—

1 (A) prohibiting the provider of operator serv-
2 ices from knowingly charging for uncompleted
3 telephone calls;

4 (B) ensuring that, in charging for distance,
5 the provider of operator services charge for no
6 more than the distance, in a straight line, between
7 the points of origination and termination of tele-
8 phone calls; and

9 (C) ensuring that any consumer billing a
10 telephone call on a billing card provided by an
11 interstate common carrier is billed at the rate of
12 that common carrier for that call;

13 (6) establish minimum standards for providers of
14 operator services to use in the routing and handling of
15 emergency telephone calls; and

16 (7) establish a policy for requiring common carri-
17 ers to make public information about recent changes in
18 operator services and choices available to consumers in
19 that market.

○

101ST CONGRESS
1ST SESSION

H. R. 971

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 9, 1989

Mr. COOPER (for himself, Mr. SWIFT, and Mr. LELAND) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To require the Federal Communications Commission to prescribe rules to protect consumers from unfair practices in the provision of operator services, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 SECTION 1. SHORT TITLE.

4 This Act may be cited as the "Telephone Operator
5 Service Consumer Protection Act of 1989".

6 SEC. 2. FINDINGS.

7 The Congress hereby finds that—

8 (1) the divestiture of AT&T and decisions allow-
9 ing open entry for competitors in the telephone market-

1 place produced a variety of new services and many
2 new providers of existing telephone services;

3 (2) the growth of competition in the telecommuni-
4 cations market makes it essential to ensure that safe-
5 guards are in place to assure fairness for consumers
6 and service providers alike;

7 (3) a variety of providers of operator services now
8 compete to win contracts to provide operator services
9 to hotels, hospitals, airports, and other aggregators of
10 telephone business from consumers;

11 (4) the mere existence of a variety of service pro-
12 viders in the operator services marketplace is signifi-
13 cant in making that market competitive only when con-
14 sumers are able to make informed choices from among
15 those service providers;

16 (5) however, often customers have no choices in
17 selecting a provider of operator services, and often cus-
18 tomers' attempts to reach their preferred long distance
19 carrier by a telephone billing card, credit card, or pre-
20 arranged access number are blocked;

21 (6) a number of State regulatory authorities have
22 taken action to protect consumers using intrastate op-
23 erator services;

1 (7) from January 1988 through February 1989,
2 the Federal Communications Commission received over
3 2,000 consumer complaints about operator services;

4 (8) these consumers have complained that they
5 are denied access to the interexchange carrier of their
6 choice, that they are deceived about the identity of the
7 company servicing their calls and the rates being
8 charged, that they lack information on what they can
9 do to complain about unfair treatment by an operator
10 service provider, and that they are, accordingly, being
11 deprived of the free choice essential to the operation of
12 a competitive market; and

13 (9) a combination of industry self-regulation and
14 government regulation is required to ensure that com-
15 petitive operator services are provided in a fair and
16 reasonable manner.

17 SEC. 3. DEFINITIONS.

18 As used in this Act:

19 (1) The term "Commission" means the Federal
20 Communications Commission.

21 (2) The term "the Act" means the Communica-
22 tions Act of 1934.

23 (3) The term "consumer" means a person initiat-
24 ing any interstate telephone call using operator serv-
25 ices.

1 (4) The term “operator services” means any
2 interstate telecommunications service that includes, as
3 a component, any automatic or live assistance to a
4 consumer to arrange for billing or completion, or both,
5 of an interstate telephone call through a method other
6 than automatic completion with billing to the telephone
7 from which the call originated.

8 (5) The term “aggregator” means any person,
9 that, in the ordinary course of its operations, makes
10 telephones available to the public or to transient users
11 of its premises for interstate telephone calls using a
12 provider of operator services.

13 **SEC. 4. RULEMAKING REQUIRED.**

14 (a) **INITIATION OF PROCEEDINGS.**—The Commission
15 shall, within 30 days after the date of the enactment of this
16 Act, initiate a proceeding pursuant to title II of the Act to
17 establish regulations to protect consumers who use operator
18 services to place interstate telephone calls from unfair and
19 deceptive practices and to ensure that consumers have the
20 opportunity to make informed choices in making such calls.

21 (b) **TIMING AND CONTENTS OF REGULATION.**—The
22 regulation required by subsection (a) shall—

23 (1) be prescribed not later than 180 days after the
24 date of enactment of this Act;

1 (2) contain provisions to implement each of the
2 requirements of section 5;

3 (3) for purposes of administration and enforce-
4 ment, be treated as regulations prescribed by the Com-
5 mission pursuant to title II of the Act; and

6 (4) take effect not later than 270 days after the
7 date of enactment of this Act.

8 **SEC. 5. MINIMUM REQUIREMENTS.**

9 The regulations required by section 4 shall, at a
10 minimum—

11 (1) require that the provider of the operator serv-
12 ices identify itself, audibly and distinctly, to the con-
13 sumer prior to the consumer incurring any charges and
14 permit the consumer to terminate the telephone call at
15 no charge;

16 (2) require that the provider of operator services
17 ensure, by contract, that each aggregator post on or
18 near the telephone instrument, in plain view of
19 consumers—

20 (A) the name, address, and toll-free tele-
21 phone number of the provider, and

22 (B) a written disclosure that consumers have
23 a right to obtain access to the interstate common
24 carrier of their choice and may contact their pre-
25 ferred interstate common carriers for information

1 on accessing that carrier's service using that tele-
2 phone;

3 (3) require that the provider of operator services
4 disclose immediately to the consumer, upon request—

5 (A) a quote of its rates or charges for the
6 call;

7 (B) the methods by which such rates or
8 charges will be collected; and

9 (C) the methods by which complaints con-
10 cerning such rates, charges, or collection practices
11 will be resolved;

12 (4) require that the provider of operator serv-
13 ices—

14 (A) neither require nor participate in the
15 blocking of any consumer's access to the inter-
16 state common carrier of the consumer's choice;
17 and

18 (B) assure, by contract, that its aggregators
19 neither require nor participate in the blocking of
20 access to such interstate common carriers;

21 (5) require that the provider of operator services
22 charge rates which are just and reasonable as required
23 by title II of the Act, which requirement shall include,
24 at a minimum—

1 (A) prohibiting the provider of operator serv-
2 ices from knowingly charging for uncompleted
3 telephone calls;

4 (B) ensuring that, in charging for distance,
5 the provider of operator services charge for no
6 more than the distance, in a straight line, between
7 the points of origination and termination of tele-
8 phone calls; and

9 (C) ensuring that any consumer billing a
10 telephone call on a billing card provided by an
11 interstate common carrier is billed at the rate of
12 that common carrier for that call;

13 (6) establish minimum standards for providers of
14 operator services to use in the routing and handling of
15 emergency telephone calls; and

16 (7) establish a policy for requiring common carri-
17 ers to make public information about recent changes in
18 operator services and choices available to consumers in
19 that market.
